in / .

## OBJECTIVE

Final-year B.Tech student specializing in Artificial Intelligence and Data Science, committed to utilizing academic knowledge in machine learning and computer vision to contribute effectively to organizational growth and real-world AI solutions.

## EDUCATION

- **B. Tech**, Artificial Intelligence and Data Science. (*Mailam Engineering College, Mailam*)  
*Final Year* | (2022-2026) CGPA: 8.78 | (Sept-2025)
- **XII (CBSE)** | Sri DharamChand Jain School. 70.8% | 2022
- **X (CBSE)** | Sri DharamChand Jain School 87.7% | 2020

## SKILLS

- **Python** - SQL ( Basics) - MS Excel, Google Sheets - Powerbi(Basics) - Machine Learning models, OpenCV, YOLO (Basics) - **GenAI** : Generalisation, NLTK, Spacy - **Data Handling**: Data Collection, Validation, Preprocessing.

## PROFESSIONAL EXPERIENCE (INTERN)

**Data Analyst Intern | Anudip Foundation** (June 2025 – January 2026)

- Worked on data collection, validation, and reporting using Excel and structured datasets.
- Assisted in maintaining organized data records and supporting analysis tasks.

**Computer Vision Intern | YOCO Labs Pvt. Ltd., Chennai** (February 2025 – May 2025)

- Contributed to real-time video analytics projects using YOLOv8 and OpenCV. Worked with image datasets, preprocessing and analyzing data for model training.

**Intern | Academor, Bengaluru** (August 2024 – September 2024)

- Domain - Artificial Intelligence

**Intern | VEI Technologies Pvt. Ltd., Tindivanam** (March 2024 – April 2024)

- Domain - Machine Learning

**Junior Intern | IgniteLabs Pvt. Ltd., Pondicherry** (March 2024)

- Domain - LabVIEW

## CERTIFICATIONS:

- **IT Specialist – Data Analytics**, Certiport — Nov 2024
- **Python for Data Science**, NPTEL — Jul–Aug 2023
- **Cybersecurity and Privacy**, NPTEL — Jul–Oct 2024

## ACHIEVEMENTS

- **First Prize**, Paper Presentations – *Arunai Engineering College*, Feb 2023 & *Manakula Vinayagar Institute of Technology*, Mar 2024
- Attended **Ethglobal-2025**, – Sept 2025, ICC, NewDelhi.

## POSITION OF RESPONSIBILITY

- **Educator** | *Mithra Coaching Center* (June 2019- Present)
- **Vice-President** | *English Literary Club* (2023- Present)
- **Host | Event Organizer** | *College Events and Shows* (2023- Present)
- **Student Coordinator** | *Symposium - IntelInfo - 2k25* (Oct 2025)

## PROJECT & RESEARCH PAPER

- **Driver Distraction Detection System**: Built a real-time computer vision model using YOLOv8 and OpenCV to detect driver drowsiness and inattention. Worked on data preprocessing, frame-wise analysis, and optimizing model accuracy for performance efficiency.
- **Posture Estimation Model**: Designed a pose estimation system to analyze human posture and promote safety and ergonomic awareness. Focused on algorithm design, debugging, and system performance
